BUILDING ENERGY[®]

IncinerTech Inc. – Virtual Town Hall

Following the announcement of IncinerTech's investigation of a medical waste and hydrocarbon thermal treatment to energy facility in the region, details have been finalized on the virtual town hall.

This virtual town hall will help provide information and answer questions on the proposed project to local residents. The virtual town hall format is being used in response to the ongoing Covid-19 pandemic and the need to minimize interaction with company representatives that reside in the Calgary area.

Virtual Town Hall Details

Five, one hour sessions will be held, where a maximum of 10 participants in each session will be invited to take part in an interactive presentation and question & answer session with IncinerTech representatives.

Registration

In order to maintain physical distancing and restrictions on gatherings, local residents are invited to pre-register for the virtual town hall by contacting Mark Nikota at Cactus Corridor Economic Development Corporation at 403-854-0589 or by email at mark.nikota@cactuscorridor.com.

Location

The virtual town hall will be held in the upstairs boardroom of the Hanna Learning Centre (Provincial Building) at 401 Centre Street.

Date and Times

Wednesday, June 10th - One hour sessions will start at 3pm and run until 7pm: participants will be allowed to attend the online presentation during their 1 hour session only.

For further information contact:

Mark Nikota, Economic Development Manager at 403-854-0589 or mark.nikota@cactuscorridor.com
